ONE VOICE - ONE DECLARATION

Intercontinental Intercessory Fire Groups.

Vision

Our vision is to see the body of Christ arise into her full authority and with one voice declare the Word of the Lord and cause the gates of hell to shake in the light and glory of Gods presence revealed and made known by His Ecclesia.

The Birthing of Fire Groups

The vision was birthed in 2010 when God spoke to Naomi about 'bushfires'. She received a vision of an aerial map of the continent of Africa. The entire continent was in darkness when suddenly bush fires started appearing across Africa. The bushfires were set alight like fireworks igniting one after the other. She saw underground lay-lines connecting the bushfires forming a tapestry of bright lights. The Lord revealed to her that these bushfires would become intercessory prayer groups creating a powerful network for the souls coming into the Kingdom of God during the Revival promised to Africa. He revealed that a powerful wind would blow from South Africa all the way up to Cairo to Jerusalem and His Spirit would carry the Revival Fire via this tapestry of thousands upon thousands of glory rivers that had been formed by the intercessors of Africa.

God spoke clearly concerning the role of South Africa in His Kingdom plan. South Africa carries the 'starter anointing' for revival.

She believes that every nation in Africa will be powerfully impacted by the revival and that God was calling for the unity of the Ecclesia across Africa to rise up with one united voice, into her governmental mantle.

In 2016 the Lord took her to the USA and she travelled extensively on a training and ministry trip. In these five months she was instructed to go to the gates of each city from the North to the South and from LA in the West to Washington DC in the East and declare Psalms 24.

It was at the Asuza Now Conference, April 15<sup>th</sup>, in LA that Lord revealed to her that the church was about to enter into the Era of glory, which she understood God saying was the time for His Mighty Hand of mercy, power, justice and glory to be ushered into the gates of every nation. She saw in the spirit a releasing of angelic armies and winds of change coming. The armies of the heavenly hosts were beginning to get ready to invade earth with greater numbers and impact. A facilitator at that meeting came to Naomi and prophesied saying, ' the Lord is releasing a revival mantle upon you today, go and do as the Lord instructs.'

She returned to Zambia in the second half of 2016 with an instruction to prepare a team to visit all the gates of the nation of Zambia. Borders, airports, governmental gates, alters and places where prophetic words had been declared. He revealed to her that many prophecies concerning Zambia had been buried and needed to be revived back and spoken out into the atmosphere.

#### The Preparation:

Preparing of hearts was foundational to the assignment. God specifically emphasised unity and purity of hearts. Together with Bishop Borniface they gathered weekly for training and prayer. In May 2017 the team left for their first assignment to Chitambo Village where David Livingstone declared on his bended knees before he died that Zambia was going to become a mighty Christian nation, a bread basket to Africa and a beacon of light to the continent of Africa.

This assignment took till end of 2018 to fully complete.

#### Birth of Intercession Groups

At the end of 2018, the Lord revealed the next assignment and that was to open up Fire Intercessory groups throughout Zambia. The vision of Fire Groups began spreading. God raised men and woman to go beyond the borders of Zambia and begin opening up more Fire Groups.

#### A Devine Connection

We believe God powerfully connects hearts and visions to achieve His agenda. The heart of man plans his way, but the LORD establishes his steps. Proverbs 16:9

In 2020 the Lord gave Amanda Le Roux an instruction to gather intercessors from the entire continent of Africa. Her instruction was to form a united platform of intercessors to pray for Africa, especially in preparation towards Africa Freedom Day. Amanda was closely connected and greatly assisting the incredibly powerful prayer network called Healing the Nations, directed by Chief Justice Moegeng Moegeng and Apostle Linda Cobodo.

In this time of preparing for the assignment for Continental Intercessors Network, Amanda of Ariella Ministries and Naomi of Bridging the Gap Ministries, divinely connected and Gods work concerning the networking of Intercessors and the uniting of the church merged into an Intercontinental Intercessory Fire Group Network.

#### Who May Join?

This platform is open to all intercessors and prayerful men and woman of God. If you are passionate for the Kingdom work and the glory of the Lord to come and invade your family, community, city, and nation, this is for you.

ONE VOICE - ONE DECLARATION

This is not a church or ministry owned or controlled by any persons. This is an opportunity for believers to lead and mentor their network with the tools of training and daily support we offer.

We require for two or more to be gathered either on regular zoom calls, communal gatherings, or regular communication to pray and seek the Lord for your area. Within each group you choose a leader who will correspond directly to the main Fire Leadership WhatsApp group on a daily basis. The Leader will pass on all correspondence to their group.

What are my responsibilities?

- 1) To pray and declare the daily scriptures you receive from your Fire Group Leader.
- 2) To attend group trainings if / when possible.
- 3) To be a part of a united team listening to what the Holy Spirit is saying and then to obey His instructions.
- 4) To support and encourage one another by participating as much and as often as possible.

What is a leader's responsibility?

As a leader your responsibility is to motivate and keep your team engaged. Lead your team in your own style and pace as long as you keep to the guidelines of praying the scriptures sent to you on a daily basis.

The most important role as a leader is to lead as a servant with love. The objective is to see your team members grow in their prayer life and personal relationship with Jesus. The goal is to grow your team so that it divides into many more groups and the network grows.

There is no limit to how many Fire Groups there are in each area.

Can an Existing Intercessors Group Join?

This is the most exciting quality of this assignment. An existing prayer group may join, at any time and make use of our training tools and scriptures for their prayer points.

Our desire is to have the same scriptures declared and used as prayer points on a daily basis. This establishes a united voice in agreement to God's word throughout the continent on any given day.

Matthew 18:19

Again, I tell you truly that if two of you on the earth agree about anything you ask for, it will be done for you by My Father in heaven. For where two or three gather together in My name, there am I with them.
